CHEC		vas in a previous panel – <i>Read I</i> s being asked to participate in th <i>B2</i>					
INTR	ODUCTION EMENT B1	The National Center for Health Statistics of the Centers for Disease Control and Prevention is continuing its annual study of hospital-based ambulatory care. We contacted your hospital previously regarding participation. Collecting data on an annual basis in hospitals, such as your own, is necessary to keep updated information on the status of ambulatory care provided in the hospital environment. Before discussing the details, I would like to verify our basic information about (Name of hospital) to be sure we have correctly included your hospital in the study. First, concerning licensing:					
INTRODUCTION STATEMENT B2 The National Center for Health Statistics of the Centers for Disease Control and Prevention is conducting an annual study of hospital-based ambulatory care. The study began data collection in 1992. They have contracted with the U.S. Census Bureau to collect the data. (Name of hospital) has been selected to participate in the study. The study is authorized under the Public Health Service Act and the information will be held strictly confidential. Participation is voluntary. Before discussing the details, I would like to verify our basic information about (Name of hospital) to be sure we have correctly included this hospital in the study. First, concerning licensing:				al study of hospital-based tion in 1992. They have lect the data. (Name of study. The study is t and the information will pluntary. erify our basic information

Section I - TELEPHONE SCREENER - Continued

CLOSING STATEMENT

Thank you..., but it seems that our information was incorrect. Since (Name of hospital) is not a licensed hospital it should not have been chosen for our study. Thank you very much for your cooperation. Terminate telephone call and complete Section VI on page 23.

CLOSING STATEMENT B2

Thank you..., but it seems that our information was incorrect. Since (Name of hospital) does not have 24-hour emergency services, outpatient clinics, or ambulatory surgery centers, it should not have been chosen for our study. Thank you very much for your cooperation. Terminate telephone call and complete Section VI on page 23.

Part C. STUDY DESCRIPTION

Thank you. Now I would like to provide you with further information on the study.

INSTRUCTIONS

Provide the administrator or other hospital representative with a brief description of the study.

Cover following points -

- (1) The NHAMCS is the only source of national data on health care provided in hospital emergency and outpatient departments and ambulatory surgery locations
- (2) NHAMCS is endorsed by the:
 - American College of Emergency Physicians
 - · Emergency Nurses Association
 - · Society for Academic Emergency Medicine
 - American College of Osteopathic Emergency Physicians
 - · Federation of American Hospitals
 - · Ambulatory Surgery Center Association
 - · American College of Surgeons
 - American Health Information Management Association
 - American Academy of Ophthalmology
 - · Society for Ambulatory Anesthesia
- (3) Nationwide sample of about 600 hospitals and 246 free-standing ambulatory surgery centers
- (4) Four-week data collection period
- (5) Brief form completed for a sample of patient visits

As one of the hospitals that has been selected for the study, your contribution will be of great value in producing reliable, national data on ambulatory care.

CHECK ITEM B-2 Hospital MERGED with or SEPARATED from another in the past two years? (Item 8e is YES.)

- 1 ☐ Yes Go to CLOSING STATEMENT C1 below.
- 2 No − Go to CLOSING STATEMENT C2 below.

CLOSING STATEMENT C1 Since your hospital has merged or separated within the last 2 years, I need to get further instructions from the Centers for Disease Control and Prevention (CDC) on how to proceed. I will call you back within a week and let you know which parts of your hospital will be in the survey. Thank you for your cooperation! Telephone your Regional Office to report the Hospital Name and ID Number.

CLOSING STATEMENT C2 I would like to arrange to meet with you so that I can better present the details of the study. Is there a convenient time within the next week or so that I could meet with you or your representative?

Thank you . . . for your cooperation. I am looking forward to our meeting. Record day, date and time of appointment in item 5, page 1; and terminate telephone call.

NOTES			

Section II - INDUCTION INTERVIEW

Part A. INTRODUCTION

I would like to begin with a brief review of the background for this study.

INSTRUCTIONS

Provide the administrator or other hospital representative with a brief introduction to the study and a general overview of procedures.

Cover the following points -

- (1) NHAMCS is a sister survey of the National Ambulatory Medical Care Survey (NAMCS). NAMCS collects data on visits to physicians in office-based practices
- (2) NAMCS and NHAMCS are sponsored by the National Center for Health Statistics of the Centers for Disease Control and Prevention
- (3) NAMCS and NHAMCS data are used extensively by health care organizations, health services planners, researchers, and educators
- (4) Annually, there are almost 200 million visits to hospital emergency and outpatient departments and 20 million visits to hospital-based ambulatory surgery locations
- (5) The U.S. Census Bureau is the data collection agent for the study
- (6) The study is authorized by Title 42, U.S. Code, Section 242k
- (7) Participation is voluntary
- (8) Any identifiable information will be held confidential and will be used only by NCHS staff, contractors or agents, only when necessary and with strict controls, and will not be disclosed to anyone else without the consent of your facility. By law, every employee as well as every agent has taken an oath and is subject to a jail term of up to five years, a fine of up to \$250,000, or both if he or she willfully discloses ANY identifiable information about you, your hospital and its patients
- (9) NO patients' names or identifiers are collected
- (10) The study was approved by the NCHS Research Ethics Review Board or IRB
- (11) Data from the study will be used only in statistical summaries
- (12) NHAMCS covers hospital facilities on and off hospital grounds
- (13) NHAMCS covers care provided by or under the direct supervision of a physician
- (14) NHAMCS excludes office-based physicians (these are covered under the NAMCS)
- (15) NHAMCS excludes visits to clinics where only ancillary services are provided, e.g., X-ray, laboratories, and pharmacies, and where physician services are not provided, e.g., physical, speech, and occupational therapy, and dental and podiatry clinics
- (16) NHAMCS excludes the following types of ambulatory surgery locations: dentistry, podiatry, abortion, birth center, family planning, and small procedures
- (17) Only a 4-week data collection period
- (18) On average, sample of approximately 100 ED, 150 to 200 OPD, and 100 ambulatory surgery visits per hospital

SHOW PATIENT RECORD FORMS

- (19) Form takes only 6 to 9 minutes to complete
- (20) Forms are to be completed by hospital staff at their convenience
- (21) Portion containing patient's name or other identifying information is removed before collecting

Page 6 FORM NHAMCS-101 (11-30-2010)

Section II - INDUCTION INTERVIEW - Continued CHECK 1 ☐ CHECK ITEM B = 1 (ED meets eligibility requirements) ITEM B-3 2 ☐ ED does NOT meet eligibility requirements (no in item 9a) – SKIP to Part B. Survey Implementation on page 8. Now I would like to ask you a few more questions about your hospital. 11a. How many days in a week are inpatient elective surgeries scheduled? Number of days d Unknown b. Does your hospital have a bed coordinator, 1 Yes sometimes referred to as a bed czar? 2 No 3 Unknown C. How often are hospital bed census data Instantaneously available? 2 Every 4 hours 3 Every 8 hours Read answer categories. 4 Every 12 hours 5 Every 24 hours 6 Other 7 Unknown d. Does your hospital have hospitalists on 1 Yes staff? 2 No SKIP to item 11f 3 Unknown A hospitalist is a physician whose primary professional focus is the general care of hospitalized patients. He/she may oversee ED patients being admitted to the hospital. e. Do the hospitalists on staff at your hospital 1 ☐ Yes admit patients from your ED? 2 No 3 Unknown f. Beginning in 2011, Medicare and Medicaid will offer incentives to facilities that demonstrate 1 \square Yes, we intend to apply – Go to item 11f(1) 2 Uncertain whether we will apply SKIP to "meaningful use of Health IT". Does your hospital Part B on 3 No, we will not apply have plans to apply for Medicare or Medicaid page 8 incentive payments for meaningful use of Health IT? (1) In which year does your hospital expect to 1 2011 apply for the meaningful use payments? 2 2012 3 After 2012 4 Unknown NOTES

NOTES						

Section III - EMERGENCY DEPARTMENT DESCRIPTION

To develop the sampling plan, I would like to (collect/verify) more specific information about this hospital's emergency department.

- (1) If the hospital has previously participated, simply verify that the emergency service area(s) (ESA) listed below is/are still operating in the hospital by
 - (a) crossing through any ESAs on the list that no longer exist or are no longer operational in that hospital.
 - (b) adding the name(s) of any new ESA(s) that has/have been created or has/have become operational in that hospital. For each new ESA added to the list, be sure to obtain the proper type to be entered in column (b).
 - (c) obtaining an estimate of visits for each ESA, covering the 4-week reporting period. Enter the estimate in column (c).
- (2) If the hospital has not previously participated, obtain a complete listing of all **eligible** ESAs along with their corresponding type and expected number of visits **for each ESA** during the 4-week reporting period. Record this information in columns (a), (b), and (c) below.

INSTRUCTION:

Only record generic ESA names in column (a) (e.g., pediatric emergency department). If the ESA has a
formal/proper name, enter a generic name in (a) and record the Line No. and the formal/proper name on
page 2 of the Control Card.

Section IV - OUTPATIENT DEPARTMENT DESCRIPTION

To develop the sampling plan, I would like to (collect/verify) more specific information about this hospital's outpatient department.

- (1) If the hospital has previously participated, simply verify that the clinic(s) listed on page 16 is (are) still operating in the hospital by
 - (a) crossing through any clinics on the list which no longer exist or are no longer operational in that hospital.
 - (b) adding the name(s) of any new clinic(s) which has/have been created or become operational in that hospital. For each new clinic added to the list, be sure to obtain the proper specialty code. Remember, include only ELIGIBLE clinics.
 - (c) obtaining an estimate of visits **for each clinic**, covering the 4-week reporting period. Enter the estimate in column (d).
 - (d) If this Outpatient Department has more than 5 clinics FAX the updated list to your regional office. The regional office will choose the clinics for sample and provide you with the sampling instructions. Upon receiving the instructions, attach a copy of the completed clinic listing showing sampled clinics, the Take Every and Random Start numbers, etc., to the NHAMCS-101(C) Control Card.
- (2) If the hospital has not previously participated or a clinic list is not attached to NHAMCS-101(C) Control Card, obtain a complete listing of all eligible outpatient clinics along with their corresponding specialty group code, and expected number of visits for each clinic during the 4-week reporting period. Record this information in columns (a), (b), and (d) on the next page.

NOTES	
	/

Section IV - OUTPATIENT DEPARTMENT DESCRIPTION - Continued

FR NOTE OPD Specialty Groups include:

• GM - General Medicine • PED - Pediatrics

***SURG** - Surgery ***OBG** - Obstetrics/Gynecology

• SA - Substance Abuse

*OTHER - Other

INSTRUCTIONS

• Only record generic clinic names in column (a) (e.g., pediatric clinic). If the clinic has a formal/proper name, enter a generic clinic name in (a) and record the Line No. and the formal/proper name on page 2 of the control card.

Complete columns (b) and (c) using pages 7 to 17 of the NHAMCS-124, Sampling and Information Booklet.
 Complete columns (e) and (f) after developing the sampling plan. See page 4 of the NHAMCS-124 for instructions.
